

## CargoSoft User-Newsletter | 2024 No. 12

{Anrede Brieftext}

Welcome to our user newsletter. We have compiled many current and interesting topics for you:

- ICS2 (Multiple Filing) launch and final postponement notice
- New functions in CargoSoft ECM rate management
- Training offers - balance sheet 2024 & outlook 2025
- Tips & Tricks - Access to the CargoSoft ticket portal
- Recommended dates 2025

We hope you enjoy our topics and wish you an enjoyable read and a wonderful Advent season.

Your CargoSoft Team

*PS: User news once a month is not enough for you? Then simply subscribe to our LinkedIn channel [here](#). In addition to this e-mail, you have access to CargoSoft newsletters on our website as HTML version and PDF download [here](#).*

## SEAFREIGHT NEWS | ICS2 (Multiple Filing) via ZODIAK GE

**To our sea freight forwarders - The countdown is on!**

On December 4, 2024, customs will give the go-ahead for the **Import Controlling System 2 (ICS2 - Multiple Filing)**. Sea freight forwarders will then also be able to participate in the new EU customs system for safety and security.

In future, multiple filing can be carried out via Zodiak GE from DAKOSY (data transmission from CargoSoft TMS is currently not planned).

**Apply for deferral  
only until 04.12.2024  
at the latest!**

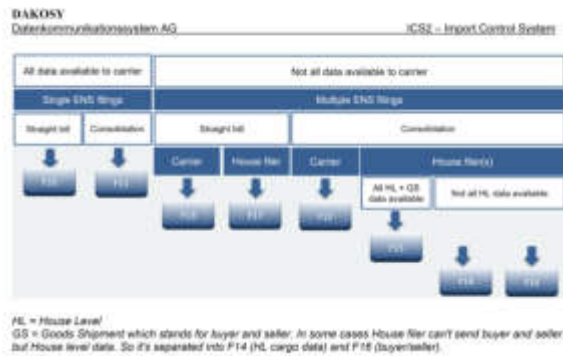

**Apply for deferral only until 04.12.2024 at the latest!**

For late starters, customs grants freight forwarders a transitional period until April 01, 2025.

**Important:** For this, the **application** for a **deployment window is required by 04.12.2024!**

Please contact us for more information and the informal application. Or send an e-mail to [marketing\(at\)cargosoft.de](mailto:marketing(at)cargosoft.de).

*\*For further details, we also recommend our [special newsletter](#) of 22.11.2024 and the [DAKOSY ICS2-Website](#). The European Associations for Forwarding, Transport, Logistics and Customs Services (CLECAT) has also produced a short [guideline](#) for freight forwarders to help them prepare for ICS2 Release 3.*

## CargoSoft ECM | Ratemanagement News

# New Functions in ECM Release 2024.2

Do you manage your rates and contracts with CargoSoft Enterprise Condition Management (ECM)?

Then we have some interesting news for you.

### News 1

- It is now possible to create ad hoc quotations with different chargeable weights for different legs of the journey.
- This case can now be displayed in the new ECM system version!

### News 2

- Configuration of search results in the ECM in the rate search of the ad hoc quotation now possible.
- Own searches and search results can be stored globally as ECM templates.
